

Nutriom produces OvaEasy, an all natural dried egg crystal that replaces shell, liquid and frozen eggs. OvaEasy contains No CHEMICAL ADDITIVES and NO PRESERVATIVES and is pasteurized and processed under continuous USDA inspection. OvaEasy is available in whole egg, egg white and low cholesterol. OvaEasy tastes and functions like fresh shell eggs and occupies one fourth the space and weight of frozen eggs. No refrigeration required and shelf stable (with no loss of quality) for three years. We have an MPA and NAPA.

SKU	NAPA#	Description	Pack
2001	8910-01-E61-5224	Egg, dehydrated, crystals, whole egg equiv.	14/1.75 LB
